Comments:

Examiner Boyer,

Per my phone message of February 28, 2002, I attempted to fax the attached Office Action response to you yesterday (February 28, 2002). The response was due yesterday. I faxed the response to the fax number indicated in your Office Action (i.e.: 703-305-3599). This was the same fax number you gave me when I phoned you earlier in the week to confirm that this was the correct fax number. When I tried to fax the document to this number yesterday, I received a message that this was a non-working number. I am attaching the fax cover sheet transmission log indicating that I attempted to fax this in a timely manner. I am requesting that the response be considered timely as Applicants attempted to respond in a timely manner as directed by the Patent Office. I appreciate your consideration.

Respectfully submitted,
